Dodge Disinfectant and Hygiene products offer a single solution to your disinfection and sanitation needs with consideration to safety of use, non-toxicity, and the environment. These products address a wide spectrum of bacterial activity and effectiveness against both gram positive and negative. In fact they are 99.999% effective against the widest spectrum of Bacteria, Viruses, Fungi Spores and Yeast. There is no Formaldehyde, Gluteraldehyde, Chlorine or other harmful chemicals in the formulations.

Performance Highlights:
- Active against odour-causing bacteria
- Active against yeasts, fungi and viruses
- Fast rate of kill at low levels
- Corrosive
- Non-staining
- No Smell
- Safe for use on hard and soft surfaces

Dodge Concentrate: Anti-microbial and cleansing. This product can be applied to hard and soft surfaces and equipment to be cleaned and disinfected. Either leave to dry and wipe off or rinse with clean water.

Ordering Data:
- Catalogue No: 777002 (Citrus)
- 777000 (Cherry)
- 777001 Non Fragranced

Dodge Aerosol Spray: Disinfectant can be sprayed into the surrounding air and hard to reach places including computer keyboards and telephones. Won’t effect electronics. Provides safe, effective disinfection.

Non-Fragranced Spray, (Order No: 777019)  Fragranced Spray, (Order No: 777020)
Disinfectant products

Available in a handy 750ml spray bottle or 5 litre container, this sanitizing spray should be applied to the surface to be cleaned and then wiped with a clean cloth. For difficult areas re-spray and wipe away.

  Catalogue No: 777009
- c. Dodge Surface Sanitiser 5 Litres
  Catalogue No: 777006

**Dodge Sterilisation Mist**

This innovative product allows the user to disinfect and sterilise embalming rooms, autopsy rooms, dissection rooms, cold rooms, refrigerators and even ventilation systems and ducts. Application of this chemical is achieved using a fogging machine. The fogging machine creates a super fine mist which is able to diffuse into areas that can not be reached by traditional cleaning methods. This product is particularly effective at removing unpleasant odours and ensuring the highest levels of hygiene especially after treatment of infectious or high risk cases.

**Ordering Data:**
- d. Dodge Sterilisation Mist 5 Litres
  Catalogue No: 777015

Used in conjunction with Dodge Sterilising Mist the fogging machine generates an ultra fine mist which allows the sterilisation chemical to reach areas unreachable by conventional cleaning methods. This allows for the thorough cleaning and sterilising of large and small areas alike, as well as treating ventilation ducts, downdraft autopsy and embalming tables as well as ensuring staff safety after the autopsy or embalming of infectious cases.

For more information, or to order a fogging machine, please contact your Dodge Representative.

**Thick Bleach 10%**

**Ordering Data:**
- a. Thick Bleach 10% 5 Litres
  Catalogue No: 922493

Whilst this bleach should not be used in the presence of or mixed with formaldehyde containing products, it will assist with the cleaning of floors, wall and worktops and remove stains left by arterial fluid spills generated during the embalming process.
Hand Soaps, Sanitisers and Lotions

Germasidol® Antiseptic Soap

Performance Highlights:
- Available in two convenient and easy to use sizes, 8.5 Oz and 24 oz bottles.
- Germasidol has dozens of personal hygiene and environmental health applications in the funeral home, mortuary and household.
- Cuts through grease and body oils.
- Penetrates epidermal pores, removes ingrained dirt with ease.
- Helps prevent infection.
- Powerfully germicidal and yet gentle to skin.
- Leaves hands surgically clean and free of soapy films.
- When mixed in equal quantities with Metaflow and Rectifant, Germasidol makes a rick shaving lather that will help prevent razor burn.

Ordering Data:

  Unit Size: 8.5oz Bottle
- b. Catalogue No: 540033
  Unit Size: 24 oz Bottle
- c. and d. Please note that 16 oz pump bottle and 3.5 litre (US Gallon Jug) are available as special order items only.

QuikSan® Instant Hand Sanitiser

QuikSan is the only hand sanitizer we know which contains a surface active colloid to minimise drying of the skin. In addition to its germicidal alcohol base, QuikSan contains a quaternary ammonium disinfectant, which greatly fortifies sanitising action. QuikSan will provide the facility to clean and sanitise hands when soap and water are not available to the operator.

Deodorant products

D-12 Deodorant Powder
Performance Highlights:
- Dispels odours, freshens public rooms, chapels and offices.
- Many embalmers apply D-12 to cancerous, ulcerated and gangrenous cases.
- May be applied dry near or directly on the source of offensive odours.
- May be used in aqueous solution as a deodorant spray and room freshener.
- Destroys and suppresses offensive odours.
- Leaves no after-scent of its own.
- Gives long-lasting deodorising effectiveness.
- Will not cake or harden in the container.

  Unit Size: 14oz Bottle

Dri- Fresh Deodorant Spray
The only dry spray available to the funeral profession! With ordinary air fresheners, the spray contains large droplets. These droplets are unpleasant to walk through or breathe, and they can cause an unsightly mess on hard surfaces.

Performance Highlights:
- New technology allows for a finely atomized dry spray.
- 100% of the fragrance is available instantly to deodorize and freshen the room.
- No messy fall out, residues, wetting or staining.
- VOC compliant.

- Dri- Fresh Deodorant Spray
  Catalogue No: 910571
  Unit Size: 10oz Aerosol Spray

Citrus II Natural Air Deodorizer
Performance Highlights:
- Eliminates the harsh odours of decomposition, human waste, cancerous ulcers and other problem odours occurring in the funeral home.
- Non-toxic, hypo-allergenic and biodegradable.
- Safe for asthmatics and allergy-sensitive individuals. Use Citrus II and see how fresh and pleasant your funeral home can be.

- Citrus II Natural Air Deodorizer
  Catalogue No: 910563
  Unit Size: 7oz Aerosol Spray
Formaldegone

Formaldegone, a formaldehyde gas eliminator, as no odour of its own. It contains no dangerous chemicals, yet it immediately eliminates formaldehyde gas odours.

**Formaldegone Performance Highlights:**
- Formaldegone combines chemically with formaldehyde rather than masking it.
- A terrific aid in complying with COSHH regulations.
- Can be re-used if the source continues to generate odours.
- Repeated spraying can cause some floors to become slippery or tacky. Use caution when walking. A damp paper towel quickly and easily removes any undesirable film.

**Ordering Data:**
- **a. Formaldegone**
  - Catalogue No: 550001
  - Unit Size: 16oz bottle
- **Trigger Spray for 16oz bottle**
  - Catalogue No: 703934

Air Interceptor

**Performance Highlights:**
- Non-toxic and environmentally friendly solution for reducing odours in the embalming room, funeral home or mortuary.
- Semi-solid biodegradable evaporant gel absorbs and neutralises odours on a molecular level.
- Available in two handy sizes and can last up to 2 months.
- To use, remove cover and place the container near to wherever the odour is most concentrated. Ideal for chapels, cold rooms and fridges.

**Ordering Data:**
- **b. Air Interceptor**
  - Catalogue No: 712500

**Ordering Data:**
- **c. AirFresh Med Air Cleaner**
  - Catalogue No: 921563
  - Unit Size: 75ml Spray
  - Catalogue No: 921562
  - Unit Size: 6 pack of sprays

**Performance Highlights:**
- Cleans the air from dust and germs.
- Specially formulated for use in dental clinics, hospitals, nursing homes and doctors surgeries.
- Uses odour absorbing technology.
- Lasting fresh scent.
- Biodegradable acc. To OECD guidelines.

Scat Deodorant Concentrate

A concentrated deodorant in drop form and supplied in a 1oz dropper bottle, this product will instantly freshen any area where it is applied. Scat can be added to water used for all cleaning applications to add freshness or applied to the lining of coffins of caskets to overcome any unpleasant odours. To freshen chapels or viewing rooms a drop of two of scat can be applied to upholstery or silk or dried flowers.
